**WARREN
RUPP®**

Introducing the PortaPump® battery-powered pump by Warren Rupp®. This portable powerhouse is perfect for all of your onsite dewatering needs such as ditches, manholes, and caissons.

The PortaPump, like its name, is easily portable because it can operate on any 12-volt truck or automobile battery. To keep you and your vehicle high and dry it comes standard with 30' of cord. The PortaPump pump is also available with an optional handy carrying case for convenient safe storage. The PortaPump offers other features and benefits such as:

Powerful:

1/3-hp motor delivering up to 43 gpm (163 lpm) for rapid dewatering and instant prime.

Safe:

Remote waterproof controller integrated into the pump cable for simple safe operation.

Portable:

Unit weighs just 33 lbs. (14.9 kg) and is available in a rugged carrying case.

Long Lasting Performance:

Low, 30-amp draw for, on average, an hour of operation without restarting the engine. (Times may vary).

Dependable:

Impeller with topside repelling vanes keeps grit away from the shaft seal.

Submersible:

Watertight o-ring seals keep pump internals dry.

Flexible:

Available with both 1½" NPT or BSPT (tapered thread) female connections.

Maintenance Friendly:

Self-lubricating shaft seal, bearing lubricated for life.

PERFORMANCE

Capacity		Discharge Height	
Gallons per minute	Liters per minute	Feet	Meters
41.6	157.4	5	1.5
34.0	128.7	10	3.0
25.0	94.6	15	4.5
21.3	80.6	20	6.0
0.0	0.0	25	7.6
